Dear Sir/Madam,

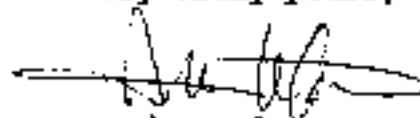

Enclosed is our Report of Receipts and Disbursements (FEC Form 3X) for the month of May 1994.

This report is being filed several days late due to the senior accountant, who is responsible for the filing of our campaign committee reports, suffering a heart attack in the middle of June. Regrettably, we required additional time to review the workpapers and complete the report.

Due to the unfortunate circumstances and considering our past record of always filing our reports on a timely basis, I respectfully request that any potential penalty be waived. Documentation of the accountant's condition can be provided, if necessary.

Thank you for your consideration in this matter.

Very truly yours,

Irwin Solomon  
Treasurer
